

## workshops

### WEB-EX TRAINING CENTER FOR TEACHING AND LEARNING

WebEx Training Center is a synchronous online communication system supported by JMU. It offers an interactive learning experience for students. This information session will introduce synchronous online classroom management features that help instructors create online presence with audio and video feeds and engage student learning.

Wed, Sept 6	2-3:30pm	Rose 5308
Tues, Sept 19	9-10:30am	Rose 5308
Mon, Oct 16	10-11:30am	Rose 5308

### ACT GRANT PRE-APPLICATION

Are you looking for funding and support to the design and implementation of creative teaching? This workshop is for you. The new ACT (Accelerating Creative Teaching) grant, sponsored by Libraries & Educational Technologies, is intended to scaffold deep learning, and encourage scholarship of teaching and learning (SoTL) through innovations. The pre-application workshop will provide the ins-and-outs about writing SoTL-oriented proposals, review procedure and criteria. Work time with consultation will be provided.

Tues, Sept 12	9-10:30am	Rose 5211
Wed, Sept 13	2-3:30pm	Rose 5211

### OPEN TEXTBOOKS

Open textbooks are full, real textbooks, used by many faculty across the country, and licensed to be freely used, edited, and distributed. Open textbooks can help alleviate the burden of textbook costs for students and provide faculty with content that can be customized. Explore open textbook solutions and receive a \$200 stipend for your efforts. **Applications due Friday, Oct. 6.**

Tues, Oct 17	3-4:30pm	Rose 5308
--------------	----------	-----------

### CANVAS ORIENTATION

Primarily for new faculty, this session introduces you to the basics of using *Canvas* to build a course.

Wed, Aug 23	10-11:30am	Carrier 37
Thurs, Aug 31	1-2:30pm	Rose 5308

## media creation

### DIY INSTRUCTIONAL VIDEOS

Social media giant, BuzzFeed, has created and popularized a new style of step-by-step video instruction, making its *Tasty*, or Do-It-Yourself (DIY) videos, some of the most viewed online. This workshop explores some of the dynamic shooting styles and fast paced editing techniques used by the company to help you deliver quick and easy instructions to your students or team. Whether you aim to share complex scientific lab experiments, or healthy meal ideas, this class will show you the techniques and equipment needed to do just that. Learn how to build your own camera rig, use creative editing techniques with *iMovie*, and how to create fun and exciting DIY videos with ease of your smartphone.

Wed, Oct 11	1-4:00pm	Rose 5308
-------------	----------	-----------

### INTRODUCTION TO CAMTASIA

*Camtasia* is a powerful video and audio editing software designed with the tools to help you create meaningful multimedia lectures. Drag and drop your *PowerPoints*, record audio, insert video, and even add captions. This all-in-one program will help you deliver your lectures efficiently and effectively.

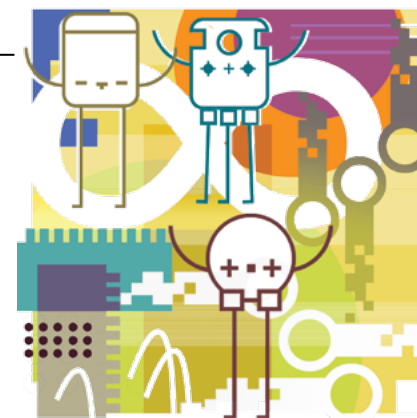

Tues, Sept 19	2-4:00pm	Rose 5308
Wed, Sept 27	9-11:00am	Carrier 37

### INSTRUCTIONAL TECHNOLOGY CLASSES

Giving a media assignment to your class? Instructional Design & Technology (IDT) offers tailored technical instruction in video production, interview setups, podcast creation, proper video and audio equipment use, and software like *iMovie*, *PhotoShop* and *Comic Life*. Customizing the instruction to the assignment provides a seamless integration of in-class instruction and technical support into the assignment timeline for student and professor. Hands-on classes give the student a quick start to technology tools and help the professor handle workflow issues of a media project. For more information or to schedule a workshop, email [innovation@jmu.edu](mailto:innovation@jmu.edu) or call 540-568-6803.

## making / tinkering

The Makeries are creative spaces available in the Rose and Carrier Libraries that encourage the JMU community to explore, develop, and create with new technologies and programs. We have all the tools and supplies you need to get started—3D printers, virtual reality, vinyl cutters, wood carvers, *Arduino* programming, video/audio production stations, media equipment checkout, electronic tools, and more! Students, faculty, and staff are encouraged to visit us and make something! We are open seven days a week and most evenings until 9:00p.m.

### DESKTOP FABRICATION NEW USERS GROUP: Let's Create Using the Carvey and Shopbot

Did you know that desktop fabrication is more than 3D printing? In the JMU Library Makeries we have capabilities to use CNC machines like the *Carvey* and *ShopBot* to design and carve into wood and other materials. Come learn with us how to design and create projects using these tools!

Thursdays		
Sept 7, 14, 21, 28	2-4:00pm	Carrier 37
Oct 5, 12, 19, 26	2-4:00pm	Rose 5308

### TINKERING WITH ARDUINO

These sessions provide an opportunity for faculty and staff to learn about *Arduino* microcontrollers from the most basic fundamentals to more advanced looks into hardware and programming. The instructors are also available during this time to help with design and programming of your own projects. *Feel free to drop in on the following dates from 2-4:00pm*

Wednesdays, Carrier Makery (Rm 16)	Thursdays, Rose Makery (1st floor)
Sept 6, 13, 20, 27	Sept 7, 14, 21, 28
Oct 4, 11, 18, 25	Oct 5, 12, 19, 26
Nov 1, 8, 15, 29	Nov 2, 9, 16, 30
Dec 6, 13	Dec 7, 14

### INTRODUCTION TO 3D PRINTING

Did you know that JMU has a 3D printing classroom? 3SPACE allows for students to interact with 3D printers right in the classroom! Join us for this workshop to learn the basics and safety requirements of 3D printing.

Tues, Sept 26	1-3:00pm	Burruss 349-3SPACE
---------------	----------	--------------------

### 3D DESIGN: MAKE A PERSONALIZED OBJECT

3D printers are perfect for making small personalized items. Come learn the basics of 3D design by making your own personalized 3D object with *TinkerCad*!

Tues, Oct 3	1-3:00pm	Burruss 349-3SPACE
Wed, Oct 11	10am -12:00noon	Burruss 349-3SPACE

### 3D PRINTING BEYOND PLASTIC: EXPLORING ALTERNATIVE MATERIALS

Have you ever wondered if it was possible to 3D print objects in a material other than plastic? In this session we will explore 3D printing using silicone, food, and resin. Join us to explore the benefits of being able to print objects in alternative materials.

Fri, Oct 20	10:00am-12:00noon	Carrier 37
Thurs, Nov 2	1-3:00pm	Carrier 37

**Consultations –** Innovation Services instructional designers and instructional technologists are available for in-depth consultation and collaboration on course design, technology integration, and technology training for instruction.  
 Set up an appointment here: [cit.jmu.edu/support/request\\_consultation](https://cit.jmu.edu/support/request_consultation)

**MADLab: the Media MindSpace – PROJECT HELP FOR YOUR STUDENTS**  
 Are you planning to give media or graphic design assignments this semester? Here's a great resource for your students. MADlab offers free workshops to students on *iMovie*, *PhotoShop*, *InDesign*, *Infographics* and many other media production classes. Classes are taught by peer teachers and offer faculty a great resources for their students. Learn more at: [www.lib.jmu.edu/media/madlab](http://www.lib.jmu.edu/media/madlab)

**Student Orientation for Success in Learning Online –** Success in online and blended learning is based on designing and developing quality online courses as well as preparing students. LET provides customized student orientations to prepare student readiness with strategies, literacy and skill sets to be successful learners in an online environment.

**lynda.com –** This JMU resource provides video tutorials on software, design, and business skills taught by recognized industry experts. Learn to use *Canvas*, *SharePoint*, *WordPress*, *Illustrator*, *Photoshop*, *Access*, *Excel* and more—all free to JMU students, faculty, and staff.

**immersive programs**

**BLENDED LEARNING INSTITUTE**

This professional development program is for faculty to extend the classroom-based teaching and learning through purposefully designing online components for a course. In collaboration with experienced JMU faculty members and other JMU academic units, Innovation Services will provide immersive hands-on training, services and support for blended course design, development, and teaching. **Applications due Thursday, Sept. 7.**  
 Wednesdays, Oct 4, 11, 18, 25, Nov 1, 8, 15      9-11:00 am      Rose 5308

**THE ART OF THE DIGITAL ASSIGNMENT**

**explore. experience. engage: the evolving classroom**  
 In this immersive series, instructional faculty will explore research, experience digital activities, and engage with their peers and the global digital community. **Applications due Friday, Sept. 15.**  
 Tuesdays, Oct 10, 17, 24, 31, Nov 7, 14      1-4:00 pm      Faculty Connect Carrier (Rm 22)

**DESIGNING AN ASSIGNMENT: STORYTELLING WITH MAPS**

Everyone has a story to tell. Storytelling encourages your students to reflect on and engage more deeply with course content. Harness the power of maps to supercharge your stories.  
 Thursdays, Sept 7, 14, 21, 28, Oct 5      10:00am-12:00noon      Faculty Connect Carrier (Rm 22)

**DIGITAL STORYTELLING INSTITUTE II: ADVANCED METHODS OF CONTENT CREATION**

Ready to explore more advanced video production techniques for digital storytelling and interviews? Join us for this hands-on and learning by doing instruction. **Applications due Sunday, Sept. 10.**  
 Open only to those who have taken one of the following classes: Digital Storytelling in the Classroom: From A to Z, Digital Storytelling for Content Creation, or those with intermediate knowledge of video preproduction, video production, and editing.  
 Mondays, Sept 25, Oct 2, 9, 16, 30, Nov 6      2-4:00 pm      Rose 5308

**mindfulness**

**TEACHING MINDFULNESS IN A DIGITAL ENVIRONMENT**

Do you find your attention drifting aimlessly while you are online? How often do you pay attention to your awareness when you are in a digital environment? What is all of this attention wandering online doing to your brain? Through your participation in these sessions and the online community you can learn more about mindfulness as an important 21st century skill.  
 Mon and Wed, Sept 11 and 13      1-3:00pm      Faculty Connect Carrier (Rm 22)  
 Tues and Thurs, Dec 5 and 7      1-3:00pm      Faculty Connect Carrier (Rm 22)
